Dear Dan:

This proposal recommends several changes to the existing FAK for the 14-channel Data Reduction racks - G, H, J and K. These changes are additional items for Equipment Lists Y-G and Y-H, FAK for the G and H racks, and some nomenclature corrections for Equipment List Y-G, Y-J and Y-K, and FAK's for the G, J and K racks, respectively.

attached
The additional items for Equipment Lists Y-G and Y-H are set forth in the enclosed lists of additions and were originally requested for addition by Headquarters Message No. 4062 dated 28 October 1957, and in letter No. 22612 dated 23 December 1957. These changes were coordinated with Bob W's people and added to their Section III FAK listing dated 1 February 1958. We have also advised Bill D. of the proposed changes.

The cost estimate, Exhibit A, covers the additions to Equipment List Y-G. The estimated cost is \$4,474.31 per kit, plus the fee of \$369.13 computed at 8.25%, for a total cost including fee of \$4,843.44 per kit. For the seven authorized Fly-Away Kits, the additional total estimated cost including fee would be \$33,904.08. Changes to Equipment List Y-H increase the estimated cost by \$117.29 per kit, plus the fee of \$9.68, computed at 8.25%, for a total estimated cost including fee of \$126.97 per kit. The total estimated cost for the six H rack FAK's including fee is \$761.82, as shown in Exhibit B.

Lists of the nomenclature corrections to the various rack FAK's are enclosed as well as copies of the revised listings of Equipment Lists
